# Weather & Your Car: Seasonal Tune-ups

---

You may not want to hear it – but there is nothing we can do about winter.  
It's coming  
And if you act now – you'll make sure winter driving won't get you down.

Don't get stuck in those LOOONG lines at your service centre  
after the first snow storm.  
Be proactive.

Most car manuals have a seasonal check list. *(Kelly)*

Make sure all the cars fluids are topped up *(Kelly)*

and you are using the WINTERized version.

Get new windshield wipers *(Kelly)*  
to cut through that SLUSHY grime.

Test your heating system. *(Kelly)*  
You DON'T want to have to chatter to work during a cold snap.

It's also a good idea to get someone to look over your exhaust system. *(Mechanic)*

If there's a leak *(Mechanic)*  
carbon monoxide could get into the car.

Inspect the cars defrost *(Kelly)*  
to avoid driving with foggy  
or icy windows.

Do you need new tires? *(Mechanic)*  
Do you need winter tires?

And check out your battery power *(Mechanic)*  
You don't want to get stranded.

Tune up the engine so you will have your car running smoothly no matter what the weather.
