

RE: COVID-19 Essential Business Designation

Dear Officer or Official,

The aftermarket industry provides the public and organizations, including those that deliver emergency services and transport goods and people, with essential vehicle servicing. This ensures the continued provision and delivery of already designated essential services, including fire and paramedic services, and the mobility of essential services workers.

In the Province of Nova Scotia, ORDER BY THE MEDICAL OFFICER OF HEALTH UNDER SECTION 32 of the HEALTH PROTECTION ACT 2004, c. 4, s. 1, can be found here: <https://novascotia.ca/coronavirus/COVID-19-Global-Order-2020-03-23.PDF>

In the order, businesses in the aftermarket supply chain have not been ordered to close.

This letter acknowledges that the business is abiding by public health guidelines related to the operation of businesses during the COVID-19 pandemic.

Please feel free to contact the undersigned for any questions relating to this workplace.
