

# Working as an automotive tradesperson? Boost your skills and career with free EV training

More Canadians are driving electric vehicles.  
**Are you equipped to repair them?**

Join us in one of the most comprehensive electric vehicle programs using the latest equipment and technology.

## EV up-skilling training program

This program consists of in-person theoretical and hands-on training led by College instructors and delivered as standalone 8-hour modules.

### Eligibility:

- 18 years of age or older;
- a Canadian citizen, Permanent resident or awaiting Permanent resident status;
- currently employed in Ontario as a licensed automotive technician or senior level apprentice;
- a resident of Ontario.

### Key benefits:

- Upgrade skills for EV repair and maintenance through free training
- Access to state of the art equipment
- Pick and choose the training modules that fit your needs (note: safety module is mandatory)

**This training program offers multiple start dates, commencing Fall 2023 and ending in March 2024. It is tailored to individual needs and interests.**

### Modules:

- EV introduction
- HVAC
- Gear reduction
- High voltage battery
- Low voltage systems
- Braking
- Motor controls
- Network communication

The training will take place at the  
Fanshawe College, London campus.
