

## Canadian Collision Industry Forum Toronto

### Promotional kit usage guidelines

The Canadian Collision Industry Forum Toronto promotional kit has been created to provide you with the tools and messaging to promote the CCIF Toronto Conference and trade show to your networks.

As active collision stakeholders, your participation and support in getting the word out is crucial to reaching as many industry professionals as possible.

For any inquiries or feedback regarding the promotional kit, please contact [communications@aiacanada.com](mailto:communications@aiacanada.com).

#### Good to know about the event:

- Event name: Canadian Collision Industry Forum Toronto (CCIF Toronto)
- Campaign landing page for the Conference: <https://ccif.ca/event/ccif-toronto-2024-february-8-9-2024/>
- Campaign landing page for the trade show (for prospective exhibitors; deadline to apply is November 27, 2023): <https://ccif.ca/event-ccif-toronto-2024-exhibitor-application>

#### Social media assets

Help us spread the word about the Canadian Collision Industry Forum Toronto Conference and trade show through the help of your personal and professional social media channels.

The social media assets provided can be used on LinkedIn, Facebook and X (formerly Twitter). From profile banners or in individual posts imagery that can be used on both personal and professional channels, and social media caption templates, you are well equipped to promote this program to your network.

#### Guidelines to keep in mind:

- Asset names for the profile banners identify the channel they can be used on. Should you try to use a LinkedIn banner on X or Facebook, you may look at overly pixelated imagery as a result of different image size specifications required per social media platform.
- Feel free to put your own spin on the social media caption templates to reflect your brand voice, just ensure the messaging remains correct and consistent.
- **Tracked destination links in the social media caption templates are made specifically for their own individual channels.** For instance, if you use a LinkedIn tracked destination link for Facebook, it will skew the data collection for our promotional traffic analysis. Please ensure you use tracked destination links on the correct channel for best data representation.

- We recommend tagging the Canadian Collision Industry Forum (CCIF) and AIA Canada in your social media posts promoting the CCIF Toronto Conference. Here is a list to their social media business profiles:

Company	LinkedIn	X (formerly Twitter)	Facebook
Canadian Collision Industry Forum (CCIF)	<a href="https://www.linkedin.com/showcase/canadian-collision-industry-forum/">https://www.linkedin.com/showcase/canadian-collision-industry-forum/</a>	Not available	Not available
AIA Canada	<a href="https://www.linkedin.com/company/aia-canada/">https://www.linkedin.com/company/aia-canada/</a>	<a href="#">@AIAofCanada</a>	<a href="#">AIAofCanada</a>

## Email assets

Help us spread the word about the Canadian Collision Industry Forum Toronto Conference and trade show with email newsletters.

With these email templates, you can choose between corporate or one-to-one personalized style formats.

The corporate style email templates can be used in a newsletter format for a general audience subscribed to receive e-communications from your business.

The one-to-one style email templates are written in a personalized manner.

### Guidelines to keep in mind:

- Copy and paste these templates—whichever one you choose—when sending out the emails. If necessary, you can put your own spin on these emails to reflect your brand voice as long as the messaging remains correct.

## Print assets

Help us spread the word about the Canadian Collision Industry Forum trade show opportunity for OEs with this sales sheet.

This sales sheet includes a QR code for people to scan and easily access all the necessary information about the vehicle alley opportunity for OEs at the CCIF Toronto trade show in 2024.

### Key guidelines to keep in mind:

Automotive Industries Association of Canada
