

Working as an automotive tradesperson? Boost your skills and career with free EV training

More Canadians are driving electric vehicles.
Are you equipped to repair them?

Join us in one of the most comprehensive electric vehicle programs using the latest equipment and technology.

EV up-skilling training program

This program consists of in-person theoretical and hands-on training led by College instructors and delivered as standalone 8-hour modules.

Eligibility:

- 18 years of age or older;
- a Canadian citizen, Permanent resident or awaiting Permanent resident status;
- currently employed in Ontario as a licensed automotive technician or senior level apprentice;
- a resident of Ontario.

Key benefits:

- Upgrade skills for EV repair and maintenance through free training
- Access to state of the art equipment
- Pick and choose the training modules that fit your needs (note: safety module is mandatory)

This training program offers multiple start dates, commencing Fall 2024 and ending in March 2025. It is tailored to individual needs and interests.

Modules:

- EV introduction
- HVAC
- Gear reduction
- High voltage battery
- Low voltage systems
- Braking
- Motor controls
- Network communication

The training will take place at the
Mohawk College, Stoney Creek Campus.
