

2027

EVENTS SPONSORSHIP PROSPECTUS

Put your brand where Canada's auto care sector connects, decides and moves forward.

National reach. Regional relevance. A finite number of opportunities to lead.

AIA Canada

Own the moments that move the industry

One event portfolio. Multiple audiences. Limited positions that matter.

AIA Canada's 2027 event portfolio gives partners a direct path to the people shaping Canada's auto care sector: owners, executives, sales leaders, collision professionals, regional decision-makers and next-generation talent. From national conference stages to regional relationship-building and student career discovery, every event creates a different reason to connect.

This is not a one-size-fits-all sponsorship menu. Choose the audience, environment and business objective that matter most to your organization, then secure the position that gives your brand a meaningful role in the experience.

VISIBILITY

Put your brand in a credible industry context, where the audience understands why you are there.

RELATIONSHIPS

Host customers, meet prospects and create time for conversations that are difficult to have in the normal course of business.

THOUGHT LEADERSHIP

Align with the issues and insights shaping the sector while AIA Canada protects editorial independence.

TALENT + COMMUNITY

Meet future employees and emerging leaders while supporting regional, charitable and workforce priorities that matter to the sector.

Who you will reach

Reach the people who influence Canada's auto care sector

AIA Canada connects the full aftermarket supply chain, including manufacturers, distributors, service and repair businesses, collision organizations, educators and industry partners. That breadth gives sponsors access to audiences at different stages of the buying, partnership and talent journey.

51.2%

Owners and executive leadership plus sales and business-development professionals represent 51.2% of the audience profile.

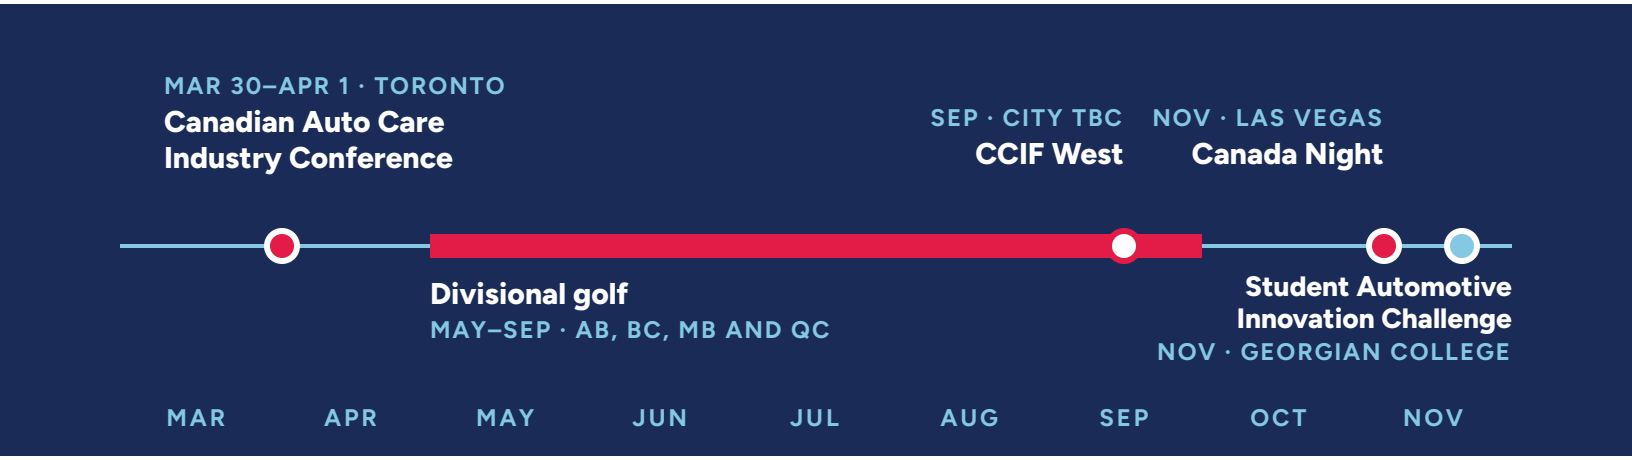

AUDIENCE PROFILE

A full year of sponsor-ready moments

Build one standout activation or connect a sequence across 2027.

From the national conference stage to regional hospitality and student career discovery, each event has a distinct job. Partners can select the audience and setting that best supports their growth priorities, or build a sequence of touchpoints across the year.

TIMING	EVENT AND LOCATION	WHY SPONSORS CHOOSE IT
March 30–April 1	**Canadian Auto Care Industry Conference** Toronto	Concentrated national visibility across mechanical, collision, leadership and talent audiences
May 2027–September 2027	**Divisional golf** AB, BC, MB and QC	Long-form regional hospitality with customers and peers
September 2027	**CCIF West** City TBC	Targeted collision-sector learning, dialogue and supplier discovery
November 2027	**Canada Night** Las Vegas	Premium Canadian client hosting during the industry's busiest week
November 2027	**Student Automotive Innovation Challenge** Automotive Business School of Canada, Georgian College	Early connection with students, educators and potential future employees

Have a customer, talent or market objective that does not fit the menu? We can co-design an activation around the audience you need to reach, the action you want to encourage and the evidence you want to receive afterward.

Build an activation around your objective

Some of the strongest partnerships begin with a business objective rather than a pre-set package. If your organization wants to host a specific customer group, create a useful attendee experience, demonstrate expertise, support talent development or connect multiple events into one campaign, talk to us.

AIA Canada can work with partners to shape custom activations where the idea fits the audience, event environment and association standards. The goal is simple: create something useful enough for attendees to notice and relevant enough for your organization to value.

POSSIBLE OBJECTIVES

01
Customer and prospect hosting

02
Thought leadership and market intelligence

03
Brand visibility and product discovery

04
Talent attraction and workforce development

05
Regional relationship-building

06
Multi-event or year-round activation

Bring us the objective. We will help identify the event, audience and activation that fit.

AIA Canada

First choice goes to the partners who start the conversation early.

Secure your 2027 position

Choose the audience you want to reach, identify your first-choice opportunity and contact AIA Canada to confirm availability. Many signature opportunities are exclusive or deliberately limited. Early commitment gives partners more choice, more integration time and more opportunity to build an activation that works harder.

Ready to start?

Tell us what you want the sponsorship to accomplish. We will help match the objective to the right event and opportunity.

All content, recognition and activations are subject to AIA Canada approval.
